

**KEEPING
TASTES
SAFE AND
DELICIOUS**

Tadimda Food Industry Inc.
FRUITERRA

Started in 2005 in Salihli Organized Industrial Zone with the name of Zumdieck Canned & Frozen Foods our journey of keeping fruits of Anatolian soil with all their taste and freshness and delivering all over the world continues with the name of Fruitera / Tadimda Gıda Sanayi A.Ş. as of January 2021.

Strictly applying and following food safety management systems like BRC, IFS and HACCP our experience and excitement is always at high level by producing and exporting the best canned mandarins, canned grapefruit, canned oranges, canned cherries, canned sourcherries, canned plums, canned grapes and canned peppers.

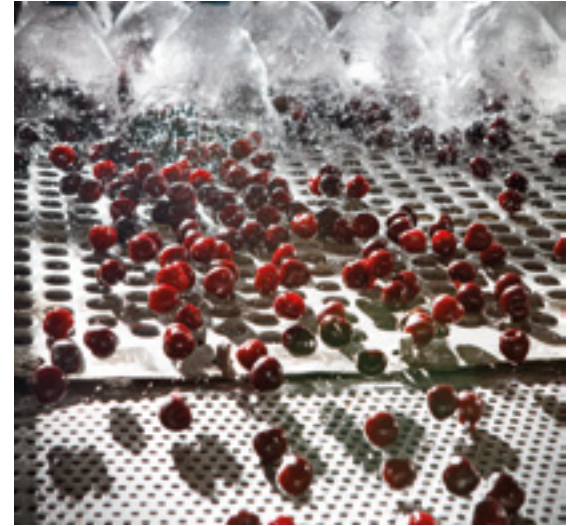

With the awareness and pride of raising generations with safe food our ethical business processes are certified by regular SMETA and BSCI audits.

Being aware of the fact that our most important asset is human resources we see growth as the most important goal by contributing more and more to the society and we know it as our responsibility and duty to increase our share in the export market day by day.

We are also pleased to announce our new investment on IQF fruits and vegetables production. Starting from 2022 we will be serving food industry also on IQF fruits and vegetables category together with canned foods.

We are keeping taste and freshness of each fruit by canning at the harvest season and serving both retail and catering markets with the private labels of our customers with different pack sizes as per their requirements. We are flexible on packaging options and it is upto our cutomers' needs. We will be ready to serve as per recipes required with pleasure.

With the freezing capacity of 5000 kg / h we are keeping taste and freshness of each fruit during the harvest season and serving as per different requirements of each market with our 15000 tons IQF production warehouse capacity. We are ready to serve our customers both on organic and conventional categories.

PRODUCTION

Under supervision of high quality standards our products are certified and approved to fit global standard for food safety.

Being high grade BRC & IFS certified company we supply the finest canned and frozen fruits and vegetables per requirements of our buyers.

We are proud of contributing more to society by strictly following ethical trade as being a Sedex member and having regular audits of SMETA and BSCI

FEEL
GOOD

FRUITERRA is developing its business in line with its Sustainable Development Strategy.

We are focused on some areas where we can make the most meaningful impact:
promoting health and wellbeing, protecting the environment, and taking care of our employees and the community.

SUSTAINABLE
TOGETHER

Fruiterra is **more** than just good food!

Our mission is make you feel great about what you buy, eat, and serve your family.

Our products are simple, satisfying, and farmed from sources you can trust.

Fruiterra has both own and under contracted organic projects which are monitored and consulted by our Agricultural Engineers.
everything we grow and sell is grown in accordance with the National Organic Program's strict and extensive regulations and our programs and practices are inspected regularly.

Our qualified team has been at it for over 25 years bringing passion for Organic and Non-GMO foods to your table.

We believe in real food that is good for our bodies and good for our planet.

Only using approved materials

Preserving natural resources and biodiversity

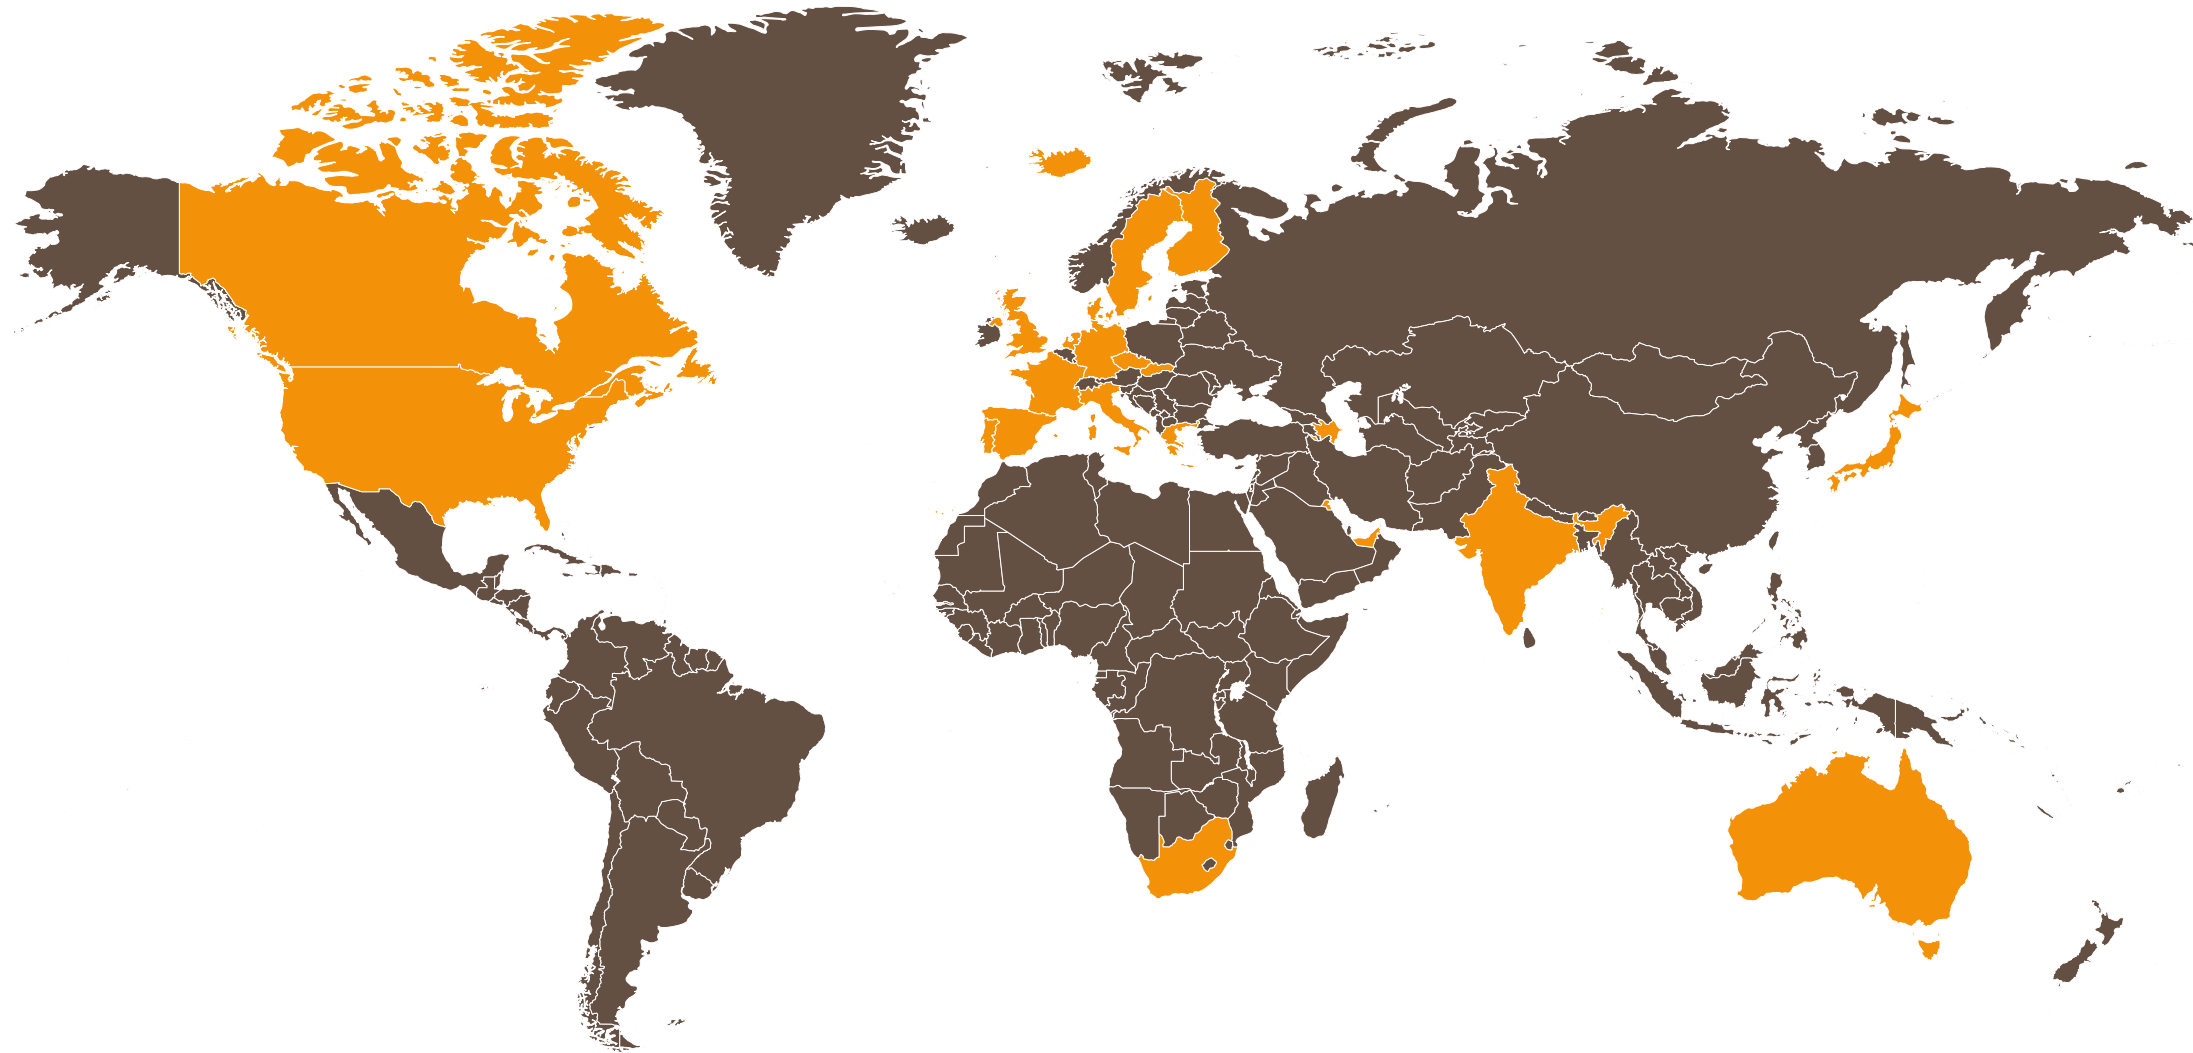

Separating organic food from non-organic food

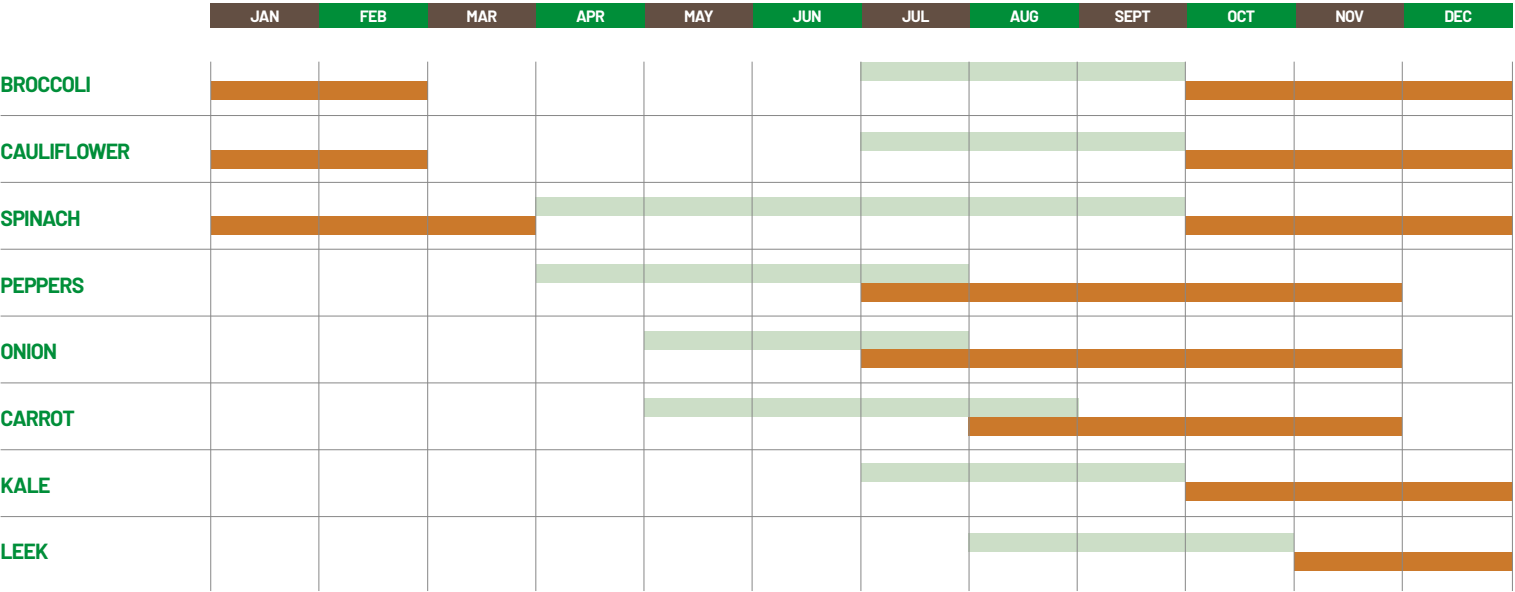

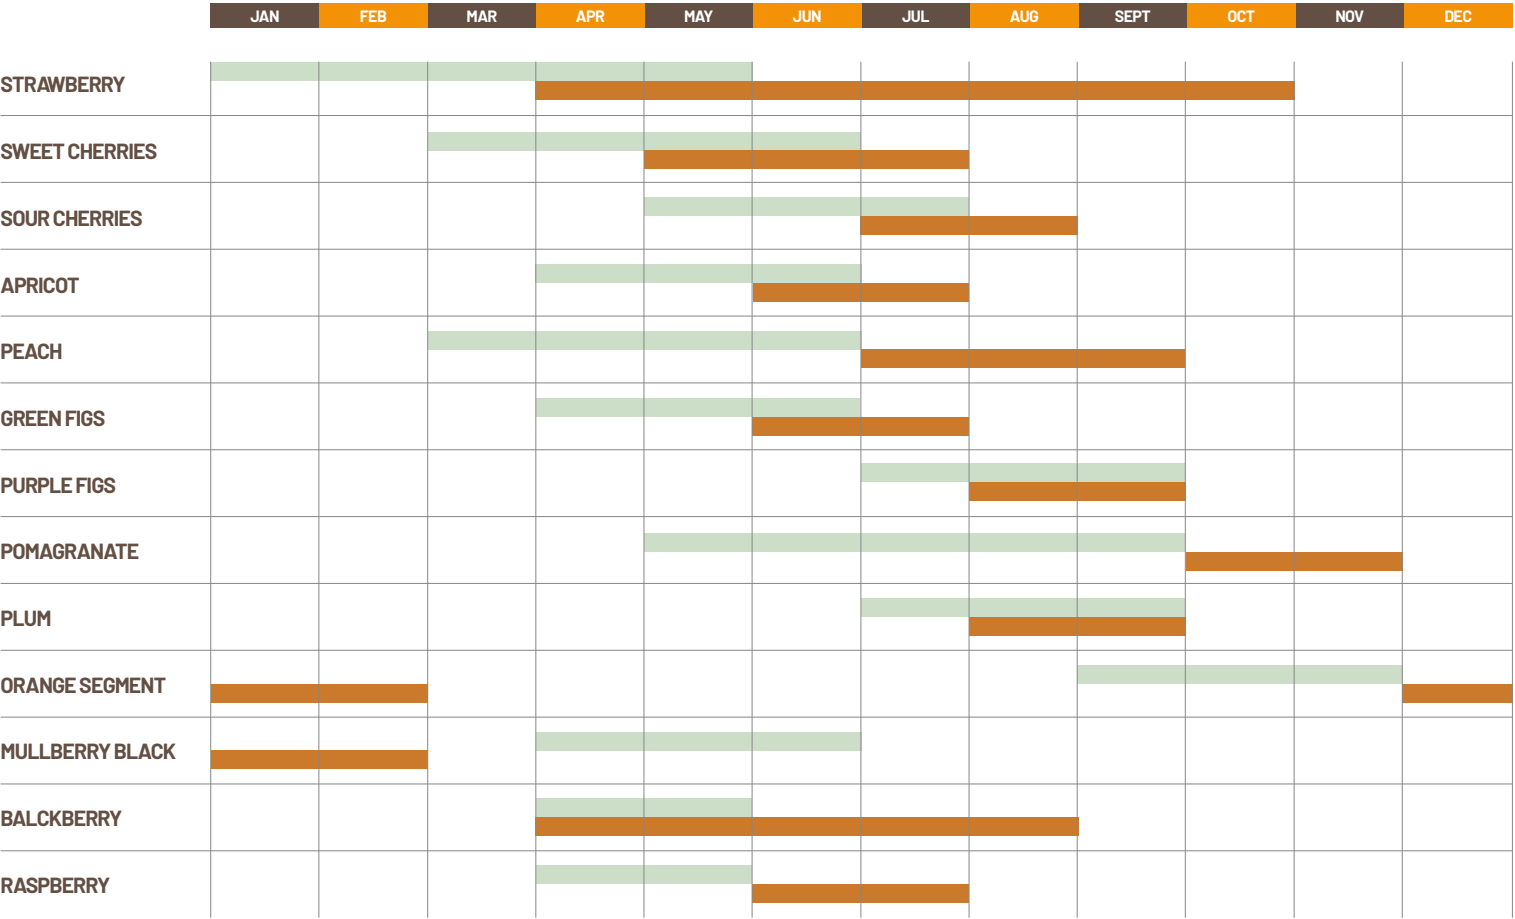

Not using genetically modified ingredients
